	GEN-03a Food Safety & Quality Policy Statement	v2.1 19/02/2026

At Revyve, food safety and quality are fundamental to how we design, produce, and deliver our ingredients. We create innovative, functional yeast-based ingredients for the food industry. We recognise our responsibility as a food business operator to deliver safe, high-quality products that meet customer expectations and comply with applicable legal and regulatory requirements.

We are committed to the following:

- Supplying safe, high-quality, and sustainable ingredients produced under defined and controlled processes.
- Complying with applicable legal, regulatory, certification, and customer requirements.
- Maintaining an effective Food Safety and Quality Management System based on HACCP principles and risk-based thinking, with systematic identification and control of food safety hazards.
- Providing the resources, training, and leadership necessary for all team members to contribute to food safety and quality.
- Communicating effectively with internal and external stakeholders on food safety matters.
- Monitoring our performance and setting clear, measurable objectives to support continuous improvement.
- Reducing waste and environmental impact through efficient and responsible use of materials, energy, and water.
- Developing a strong food safety and quality culture across all levels of the company.

Revyve maintains certification to the FSSC 22000 Food Safety Management System scheme and is committed to sustaining certification as the business grows, while continually improving the effectiveness of the FSMS.

Revyve also maintains Halal and Kosher certification for relevant products. Compliance with recognised Halal and Kosher standards is ensured through controlled sourcing, production, segregation, documentation, and independent certification oversight.

This policy is communicated within the organisation, made available to relevant interested parties, and reviewed at least annually by top management to ensure its continuing suitability and effectiveness.

Signed:
Cedric Verstraeten
